*Disseminating Health Informatics/Data Science Innovations:
Perspectives of an Editor-in-Chief*

Suzanne Bakken, PhD, RN, FAAN, FACMI, FIAHSI
Columbia University

Abstract: Suzanne Bakken, PhD, RN, FAAN, FACMI, FIAHSI, is the Alumni Professor of Nursing and Professor of Biomedical Informatics at Columbia University. Following her doctorate in Nursing at the University of California, San Francisco, she completed a post-doctoral fellowship in Medical Informatics at Stanford University. Her program of research has focused on the intersection of informatics and health equity for more than 30 years and has been funded by AHRQ, NCI, NIMH, NINR, and NLM. Dr. Bakken's program of research has resulted in > 300 peer-reviewed papers. She is a Fellow of the American Academy of Nursing, American College of Medical Informatics, International Academy of Health Sciences Informatics, and a member of the National Academy of Medicine. Dr. Bakken has received multiple awards for her research including the Pathfinder Award from the Friends of the National Institute of Nursing Research, the Nursing Informatics Award from the Friends of the National Library of Medicine, the Sigma Theta Tau International Nurse Researchers Hall of Fame, the Virginia K. Saba Award from the American Medical Informatics Association, and the Francois Gremy Award from the International Medical Informatics Association. Dr. Bakken currently serves as Editor-in-Chief of the Journal of the American Medical Informatics Association.
